### Music by Leah Lubin

Hello.

How are you dear

music my friend?

I've been missing you,

but there is a reason

I've had you turned off.

It's my heart. It's healing

and I can't take any more

chances by just letting you in.

When I do open the door

and let you through, my heart

skips and beats and hopes again.

Hope that the words you use

in song can be true also for me.

So music, you decide. Are you really

my friend and should we both

imagine that you mean what you say.
